Requirements:

NYS DEC Hunting and Fishing Licenses

Purchasing a Sporting License

Please allow up to three weeks for delivery when purchasing licenses or permits by phone, mail, or on-line.

License types that require special qualifications, cannot be ordered via the internet or by phone (i.e. disabled veterans, active duty military applying under the Patriot Plan, NYS residents who do not hold a valid NYS driver's license, young hunters between the ages of 12 and 15 [must appear in person with a parent or legal guardian with proper sportsman education certification and proof of age, if applying for the first time]). Applicants may bring their proof of qualification to a license issuing outlet or use the mail-in method. For more information see hunting license requirements.

Do you need to change your address in DEC's Automated Licensing System (DECALS)?

If your address is incorrect in the DECALS database, you will not be able to apply for your sporting license on-line until you have made an address correction. Otherwise, your license will be mailed to the address on file at the time of purchase.

Address changes can be made at any license issuing agent **ONLY** when you are purchasing or renewing your license. Any license purchaser may contact us to submit address changes at any time during the year. You **MUST** include your full name, date of birth, Customer ID number, new address and telephone number. Lifetime Licensees should submit address changes by June 1 to insure that your license arrives on time.

What identification or proof of residency will I need to purchase a license?

1. For hunting and trapping licenses, proof of a prior license or appropriate sportsman education certification
2. NYS residents applying in person or by mail may use one of the following proofs of residency:
 - Your NYS driver's license or a NYS non-driver's identification issued by the Department of Motor Vehicles
 - an IT-201 or W-2 income tax form for the previous year
 - a current voter registration card
 - a current NYS vehicle registration
 - a current lease
 - military LES (Leave and Earnings Statement) or military orders
 - a current student ID card
 - a current pay stub or letter from a current employer on letterhead containing your legal address
