

April 3, 2016

Dear Residents of the Town of York,

If you have an interest in healthy forests, abundant wildlife, clean water, scenic views, sensible growth and/or informed decision-making for the Town of York you may be interested in the following news. On March 10, 2016 the York Town Board tentatively approved the formation of a Conservation Advisory Council (CAC) for the town. A CAC is an advisory body that can advise town agencies on the development, management, and protection of the town's natural resources. Our first meeting will be held on **Wednesday, May 18, at 7:30 PM at the York Town Hall**. This will be a public meeting open to anyone interested in this process. At that time we will discuss any and all options or ideas that could be set as goals for this organization. Your input will only be limited by your own imagination. For more information contact Dave Nagel at [dgnagel@rochester.rr.com](mailto:dgnagel@rochester.rr.com) or 243-3409 or check out the link below.
