

**Request for Proposals – LDSA Consultant Selection
Hamlet of Greigsville Corridor Improvements
Town of York, Livingston County
PIN 476151
TIP # N24-06-LV2**

RFP Questions & Answers

Question 1: Is there a page limit for the proposals?

Answer: There is no page limit for proposals. It is recommended that the submissions be focused on the evaluation criteria and submittal requirements outlined on pages 2 and 3.

Question 2: The Concept Plan includes sidewalks and intersection work to be completed by others. Will the selected consultant be designing those improvements and the construction will be by others? Or are both the design and construction by others?

Answer: The concept plan includes (in blue) sidewalk and intersection work to be completed by others. This is shown in the northeast corner of the intersection of State Routes 36 and 63. This work was recently completed as part of the new York Travel Center project and is not included in this RFP. The intent of this RFP would be to connect into the newly constructed sidewalk and intersection constructed as part of the York Travel Center project. The concept plan submitted as part of the TAP application predates the York Travel Center project.
